YOUR PRIVATE LESSON:		
Please have this form filled out completely in time for our first private lesson which is scheduled for: _____		
<p>In order to help you and your dog accomplish your goals, the instructor will need to have a thorough understanding of your dog's behavior, exercise, nutrition, health problems and your family's lifestyle. We believe there are many factors that can influence a dog's behavior, and obedience and the more information you can supply, the more completely we can help with your dog's training. Attach additional pages to this form if necessary. If possible, the entire family should attend the private lesson and assist with the completion of this questionnaire.</p> <p>Please be prepared to take notes during your lesson. Your instructor will bring you printed reference material and handouts, but most people find it helpful to take notes as a lot of information will be covered in a relatively short period of time.</p> <p>A private lesson is similar to a doctor's prescription. Your instructor will give you specific instructions to achieve your goals; however, it is up to you and your family to follow through with any prescribed training, behavior modification, exercise and lifestyle changes.</p> <p>Please contact us if you have any questions. If you need to reschedule or cancel this private lesson, please give us 24 hours advance notice.</p>
